

3rd IASGO Belgrade Meeting

IASGO SERC Regional Congress

25th - 26th May 2023

www.iasgo-seec.com

CONGRESS PROGRAM

Day 1, 25th May 2023

08:30-08:45	HALL 1 – DONJI DORĆOL OPENING CEREMONY WELCOME ADDRESS Dan Duda, Aleksandar Karamarković
-------------	--

08:45-11:00	HALL 1 – DONJI DORĆOL PLENARY SESSION - LIVER 1 CONTEMPORARY LIVER SURGERY Chairs: D. Duda, H.S. Han, E. Dulundu	
08:45-09:00	<i>Dan DUDA (USA)</i>	Leveraging new concepts in oncology to design more effective multi-modality treatments in liver cancers
09:00-09:15	<i>Ho-Seong HAN (Korea)</i>	Laparoscopic anatomic liver resection
09:15-09:30	<i>Atsushi SUGIOKA (Japan)</i>	Laennec's capsule concept for anatomic liver resection
09:30-09:45	<i>Alessandro ANSELMO (Italy)</i>	Anatomical basis of the Glissonean Pedicles approach
09:45-10:00	<i>Goro HONDA (Japan)</i>	How to use CUSA during liver resection
10:00-10:15	<i>Rawisak CHANWAT (Thailand)</i>	ICG-Fluorescence imaging in laparoscopic liver surgery
10:15-10:30	<i>Nuh RAHBARI (Germany)</i>	Robotic central hepatectomy using the extrahepatic Glissonian Pedicle Approach
10:30-11:00	DISCUSSION	
11:00-11:15	COFFEE BREAK	

11:15-13:30	HALL 1 – DONJI DORĆOL PLENARY SESSION – PANCREAS 1 CONTROVERSIES IN PANCREATIC SURGERY Chairs: I. Popescu, M. Miyazaki, M. Zovak	
11:15-11:30	<i>Thilo HACKERT (Germany)</i>	Evidence for minimally-invasive and robotic pancreatic surgery
11:30-11:45	<i>Mustapha ADHAM (France)</i>	Pancreatic Duct Adenocarcinoma : Standards for Curative Surgery
11:45-12:00	<i>Attila OLAH (Hungary)</i>	Controversies in upfront surgery for pancreatic cancer
12:00-12:15	<i>Masaru MIYAZAKI (Japan)</i>	Surgical strategies for recurrent pancreatic cancer-Its implication & Limit
12:15-12:30	<i>Nikola VLADOV (Bulgaria)</i>	Vascular resection in pancreatic cancer-20 years- single centre experience
12:30-12:45	<i>Orlando TORRES (Brazil)</i>	Artery first and total mesopancreas excision
12:45-13:00	<i>Kyoichi TAKAORI (Japan)- ONLINE</i>	Team-Oriented Multidisciplinary Approaches to the Treatments of Pancreatic Cancer
13:00-13:30	DISCUSSION	
13:30-14:30	LUNCH BREAK	

14:30-16:45		HALL 1 – DONJI DORĆOL PLENARY SESSION – LIVER 2 COMPLEX LIVER SURGERY Chairs: A. Sugioka, G. Honda, W. Bechstein
14:30-14:45	Wolf BECHSTEIN (Germany)	Resection of hepatocellular carcinoma with tumor thrombus extending to the Vena cava
14:45-15:00	Alejandro SERRABLO (Spain)	Current indications of ex-situ liver resection
15:00-15:15	Ender DULUNDU (Turkey)	Caudate Lobe Resection
15:15-15:30	Yaman TOKAT (Turkey)	Tips in Vascular Construction in LDLT
15:30-15:45	Zoran MILOŠEVIĆ (Serbia)	Extended Right Hepatectomy with Caudate Lobectomy and Portal Vein Resection for Hilar Cholangiocarcinoma
15:45-16:00	Dragan MAŠULOVIĆ (Serbia)	Impact of covid -19 pandemic on the outcomes of transarterial chemoembolization in patients with hepatocellular carcinoma
16:00-16:15	Vinay K KAPOOR (India)	Gall bladder cancer
16:15-16:45	DISCUSSION	
16:45-17:00	COFFEE BREAK	

17:00-19:30		HALL 1 – DONJI DORĆOL PLENARY SESSION - PANCREAS 2 TECHNICAL ASPECTS OF PANCREATIC RESECTIONS Chairs: M. Adham, T. Hackert, E. Vicente Under the auspices of Serbian Scientific Society
17:00-17:15	Irinel POPESCU (Romania)	What is the radical operation for the pancreatic head cancer today?
17:15-17:30	Emilio VICENTE (Spain)	3D mixed-reality visualization of medical imaging data as a supporting tool for pancreatic cancer surgery. A new path in personalized treatment of advanced cancer abdominal
17:30-17:45	Mario ZOVAK (Croatia)	Tailored Approach in Pancreatic cancer Surgery
17:45-18:00	Masaru MIYAZAKI (Japan)	Reappraisal of distal pancreatectomy with celiac arterial resection (DP-CAR) for advanced pancreatic cancer
18:00-18:15	Alejandro SERRABLO (Spain)	Mesopancreas resection and its implications in oncologic results.
18:15-18:30	Cristian LUPASCU (Romania)	Combined artery-first approach in total pancreatectomy with vascular resection
18:30-18:45	Aleksandar KARAMARKOVIĆ (Serbia)	Extensive pancreatic surgery with vascular resections and reconstructions
18:45-19:00		
19:00-19:30	DISCUSSION	

Day 2, 26th May 2023

HALL 1 – DONJI DORĆOL		
PLENARY SESSION – LIVER 3		
LIVER – CRLM		
Chairs: O. Torres, G. Torzilli, A. Serrablo		
08:30-11:15		
08:30-08:45	Guido TORZILLI (Italy)	Tips and tricks for complex hepatectomies for CRLM
08:45-09:00	Wolf BECHSTEIN (Germany)	Neoadjuvant treatment for colorectal liver metastases
09:00-09:15	Orlando TORRES (Brazil)	ALPPS for colorectal liver metastasis
09:15-09:30	Alejandro SERRABLO (Spain)	Biembolization in stage hepatectomy: the end of the ALPPS?
09:30-09:45	Fabrizio PANARO (France)	Optimization of the future remnant liver before major hepatectomy (LVD vs ALPPS)
09:45-10:00	Davorin RADOSAVLJEVIĆ (Serbia)	Systemic treatment in patients with metastatic colorectal cancer
10:00-10:15	Florin BOTEAN (Romania)	Parenchymal sparing resection versus regenerative liver surgery: which way to go
10:15-10:30	Mlađan PROTIC (Serbia)	Clinical significance of intraoperative assessment of resection margin for colo-rectal liver metastases
10:30-10:45	Peter LODGE (UK) – ONLINE	Resection of colorectal liver metastases - primary or secondary surgery first?
10:45-11:15	DISCUSSION	
11:15-11:30	COFFEE BREAK	

HALL 2 – GORNJI DORĆOL		
PARALEL SESSION – ORAL PRESENTATION SESSION 1		
Chairs: R. Lazović, N. Rastogi, N. Mitrović		
08:30-11:15		
08:30-08:45	SK Mathur (India)	Portal hypertension
08:45-09:00	Neeraj Rastogi (India)	Intraluminal brachytherapy in HPB cancers
09:00-09:15	Biju Pottakkat (India)	Prediction of aggressiveness in HCC
09:15-09:30	Durgatosh Pandey (India)	Extended resections in gallbladder cancer
09:30-09:40	Ranko Lazović (Montenegro)	Metastatic adenocarcinoma of the rectum with neuroendocrine differentiation: a case report
09:40-09:50	Batrić Vukčević (Serbia)	Mixed neuroendocrine non-neuroendocrine neoplasm (MiNEN) of the pancreatic tail coincident with abdominal wall cutaneous melanoma: a case report
09:50-10:00	Nebojša Mitrović (Serbia)	Hyperthermic intraperitoneal chemotherapy (HIPEC) – Perioperative and early postoperative complications. The experience of Surgery Clinic, University Hospital Centre Zemun
10:00-10:10	Slobodan Todorović (Serbia)	Expression of inflammatory mediators in colon adenocarcinoma
10:10-10:20	Francesco Prete (Italy)	Different techniques to perform Pringle maneuver in Laparoscopic and Robotic Liver Surgery

3rd IASGO Belgrade Meeting
IASGO SERC Regional Congress
25th - 26th May 2023

10:20-10:30	<i>Pietro Matucci Cerinic (Hong Kong)</i>	TBA
10:30-10:40	<i>Ahmed Shehta (Egypt)</i>	Outcomes of Hepatic Resection for Hepatocellular Carcinoma Associated with Portal Vein Invasion
10:40-11:15	DISCUSSION	
11:15-11:30	COFFEE BREAK	

11:30-13:30	HALL 1 – DONJI DORČOL		
	PLENARY SESSION - HPB 1		
	ROBOTIC & LAPOROSCOPIC PANCREATIC AND LIVER SURGERY		
	Chairs: L.R. Martinez, D. Radovanović, B. Trotovšek		
	11:30-11:45	<i>Luis Ruso MARTINEZ (Uruguay)</i>	Laparoscopic approach in liver hydatidosis
	11:45-12:00	<i>Alessandro ANSELMO (Italy)</i>	All the routes for laparoscopic liver segment VIII resection
	12:00-12:15	<i>Dragan RADOVANOVIĆ (Serbia)</i>	Laparoscopic RAMPS procedure in treatment of pancreatic cancer- advantages and constraints
	12:15-12:30	<i>Vladimir DIMOV (N. Macedonia)</i>	Laparoscopic Treatment of Pancreatic Tumours
	12:30-12:45	<i>Mislav RAKIĆ (Croatia)</i>	Laparoscopic synchronous resection of colorectal cancer and liver metastases
	12:45-13:00	<i>Danijel GALUN (Serbia)</i>	Laparoscopic approach in the management of hydatid liver disease (video presentation)
13:00-13:15	<i>Olivier SOUBRANE (France)</i> ONLINE	How to establish a minimally-invasive donor hepatectomy program?	
13:15-13:30	DISCUSSION		
13:30-14:30	LUNCH BREAK		

11:30-13:30	HALL 2 – GORNJI DORČOL		
	PARALEL SESSION – ORAL PRESENTATION SESSION 2		
	Chairs: N. Tošković, W. Ali, M. Tepeš		
	11:30-11:45	<i>Vikas C Swarankar (India)</i>	How to plan a comprehensive cancer centre
	11:45-12:00	<i>Patta Radhakrishna (India)</i>	Social media and surgeons
	12:00-12:15	<i>Vijai Upadhyaya (India)</i>	Posterior sagittal repair for Vestibular anus without opening fourchette? How we do it?
	12:15-12:30	<i>Wasif Ali (India)</i>	XANTHOGRANULOMATOUS CHOLECYSTITIS
	12:30-12:40	<i>Volodimir Kopchak (Ukraine)</i>	Possibility of Biliary Decompression if necessary with mechanical jaundice before pancreatoduodenectomy
	12:40-12:50	<i>Jasna Gačić (Serbia)</i>	Abernathy syndroma associated with upper gastric bleeding- case report
	12:50-13:00	<i>Amir Tursunović (BiH)</i>	Urine amylase level after Whipple resection might be a predictive factor of postoperative complications
13:00-13:10	<i>Marijan Tepeš (Croatia)</i>	Initial experience with indocyanine green fluorescence cholangiography for identification biliary anatomy during laparoscopic cholecystectomy in acute cholecystitis	
13:10-13:30	DISCUSSION		
13:30-14:30	LUNCH BREAK		

HALL 1 – DONJI DORČOL PLENARY SESSION – HPB 2 UP TO DATE ONCOLOGICAL AND SURGICAL TREATMENT OF HPB CANCER Chairs: E. Usova, Z. Milošević, S. Potrč		
14:30-16:45		
14:30-14:45	Stojan POTRČ (Slovenia)	Impact factors for morbidity, mortality and long-term survival in pancreatic resections for adenocarcinoma of the pancreas
14:45-15:00	Dragan SCHWARZ (Croatia)	Radiosurgery of locally advanced pancreatic cancer using Calypso Extracranial Tracking for continuous intrafractional motion management
15:00-15:15	Blaž TROTOVŠEK (Slovenia)	Introduction of electrochemotherapy of hepatocellular carcinoma in clinical praxis?
15:15-15:30	Mihajlo ĐOKIĆ (Slovenia)	Surgical treatment of gallbladder carcinoma: laparoscopic vs open approach
15:30-15:45	Elena USOVA (USA)	Management of the solid pseudopapillary neoplasm
15:45-16:00	Zijah RIFATBEGOVIĆ (BiH)	Organ Transplantation in Bosnia and Herzegovina
16:00-16:15	Alberto R. FERRERES (Argentina) ONLINE	Management of incidental gallbladder cancer
16:15-16:45	DISCUSSION	
16:45-17:00	COFFEE BREAK	

HALL 2 – GORNJI DORČOL PARALEL SESSION – COLORECTAL SURGERY 1 Chairs: I. Stipančić, S. Delibegović, B. Krebs		
14:30-16:45		
14:30-14:45	Goran STANOJEVIĆ (Serbia)	Does LARS change the treatment strategy for rectal cancer?
14:45-15:00	Miljan ĆERANIĆ (Serbia)	Rectal cancer patients in the watch-and-wait program. Updates.
15:00-15:15	Danko VRDOLJAK (Croatia)	Correct treatment of malignant colon polyps?
15:15-15:30	Aleksandar GLUHOVIĆ (Serbia)	Anastomoses in minimally invasive colorectal surgery - an update
15:30-15:45	Marko KENIĆ (Serbia)	Intracorporeal versus extracorporeal anastomosis in laparoscopic right hemicolectomy
15:45-16:00	Dejan STEVANOVIĆ (Serbia)	Trans-anal Minimally Invasive Surgery (TAMIS) for Rectal polyps and Early Colorectal Cancers
16:00-16:15	Alberto R. FERRERES (Argentina) ONLINE	Emergency surgery for colorectal malignancies
16:15-16:30	DISCUSSION	
16:30-16:45	INDUSTRY LECTURE – VIATRIS Extended trombotoprophylaxis in abdominal surgery – Doc. dr Ivan Dimitrijević	
16:45-17:00	COFFEE BREAK	

17:00-19:15		HALL 1 – DONJI DORČOL PLENARY SESSION – COLORECTAL SURGERY 2 Chairs: G. Stanojević, D. Vrdoljak, M. Čeranić
17:00-17:15	Igor STIPANČIĆ (Croatia)	Oncological principles in laparoscopic right colon cancer surgery: CME or not?
17:15-17:30	Dragan RADOVANOVIĆ (Serbia)	Extension of systematic lymphadenectomy during laparoscopic colon resection due to cancer
17:30-17:45	Samir DELIBEGOVIĆ (B&H)	Rectal cancer with complete response to neoadjuvant therapy
17:45-18:00	Bojan KREBS (Slovenia)	Importance of methodically follow up and surveillance of colorectal cancer patients before and after surgery. What have we learned and what can we recommend
18:00-18:15	Boško MILEV (Serbia)	Laparoscopic Mobilization of the Splenic Flexure in Colorectal Surgery
18:15-18:30	Igor KRDŽIĆ (Serbia)	D2 versus D3 lymphadenectomy in laparoscopic surgery for right colon cancer
18:30-18:45	John SPILIOTIS (Greece)	Colorectal Cancer Peritoneal Metastasis
18:45-19:15	DISCUSSION	

17:00-18:15		HALL 2 – GORNJI DORČOL PARALEL SESSION – HERNIA 1 Chairs: V. Cijan, Z. Rifatbegović, S. Mijatović
17:00-17:15	Vladimir CIJAN (Serbia)	Hernia Service in a University Surgical Clinic: inception, evolution, feasibility and principles
17:15-17:30	Zlatko BOKUN (Serbia)	Laparoscopic TAPP inguinal hernia repair-anatomy and surgical tactics
17:30-17:45	Srđan MIJATOVIĆ (Serbia)	Laparoscopic surgery of uncomplicated and complicated ventral hernia
17:45-18:00	Žarko VUČKOVIĆ (Qatar, Serbia)	Longstanding inguinal pain in athletes
18:00-18:15	DISCUSSION	

E-POSTER SESSION
18.15-19.15 HALL 2 – GORNJI DORČOL

Chairs: M. Radunović, V. Stanišić, I. Krdžić

1	Andreja Nikolić (Serbia)	Diverticulitis complicated with colo-vaginal and colo-uterino-adnexal fistulas – case reports
2	Elena-Miheale Vrabie (Romania)	Laparoscopic radical antegrade modular pancreateosplenectomy-a safe and feasible approach in treating left-sided pancreatic cancer
3	Exhevit Kadri (North Macedonia)	Implementation of enhanced recovery after surgery (ERAS) programme after pancreaticoduodenectomy: A report from single, low-volume center in North Macedonia
4	Jovana Trifunović (Serbia)	Single Institution experience with chemotherapy plus biologics in treatment of metastatic colorectal cancer: Clinical Hospital Center Zemun
5	Mattia Zambon (Italy)	Synchronous distal cholangiocarcinoma and pre-operative unacknowledged pancreatic ductal adenocarcinoma: a diagnosis by the pathological examination of the operative specimen
6	Miljana Danilović (Croatia)	35-year-old female patient with a neuroendocrine tumor of the appendix
7	Flaviu Ionut Faur (Romania)	Training and learning curves in robotic pancreatic surgery using a biotissue model: from simulation to mastery -“See one, Do one, Teach one”
8	Momir Nikolić (Serbia)	Laparoscopic Roux en Y-our first experience
9	Nemanja Trifunović (Serbia)	Acute appendicitis as a presentation of appendiceal neoplasm
10	Pietro Matucci Cerinic (Hong Kong)	Short-term outcomes of laparoscopic liver resection for hepatocarcinoma in a single center
11	Sara Saeidi (Iran)	High Intrathoracic Anastomotic Method for the Lower Esophageal Cancers: A Prospective Study for a New Perspective
12	Serik Tileuov (Kazakhstan)	The first experience of laparoscopic pancreatoduodenectomy
13	Shenol Tahir (North Macedonia)	Primary Resection Anastomosis or Hartmann procedure in Acute Malignant Colonic Obstructions
14	Volodimir Kopchak (Ukraine)	Preoperative endoscopic biliary drainage increases postoperative complications after pancreaticoduodenectomy

19:15-19:30 CLOSING CEREMONY
